About FAWOYDI

A Brief Story About The FAWOYDI

Fahimta Women and Youth Development Initiative (FAWOYDI) is a non-governmental and non-profit organization established in 2003 to address the pressing health and social needs of marginalized individuals in rural and urban communities. FAWOYDI aims to provide services to vulnerable and underserved groups, complementing government efforts, enhancing livelihoods, and promoting self-reliance. FAWOYDI has experienced steady growth since its inception, driven by a competent and committed staff. The organization's primary focus is on improving the well-being of excluded and disadvantaged individuals, contributing to their development and empowerment. As non-governmental and non-profit organization, FAWOYDI is dedicated to serving the public good.

Overall, FAWOYDI

Overall, FAWOYDI strives to bridge gaps in access to vital services, particularly in the areas of health and social welfare. By working closely with target communities, the organization seeks to create sustainable impact and uplift the lives of those in need.

Vision: A healthy society free of Poverty.

MISSION: Works with excluded vulnerable groups (Women, Youth) and communities to Promote access to quality reproductive health and other social services.

GOAL: Enhanced reproductive health and economic status of Women and Youths in northern Nigeria by 2030

Vision

A healthy society free of Poverty.

Mission

Works with excluded vulnerable groups (Women, Youth) and communities to Promote access to quality reproductive health and other social services.

GOAL

Enhanced reproductive health and economic status of Women and Youths in northern Nigeria BY 2030

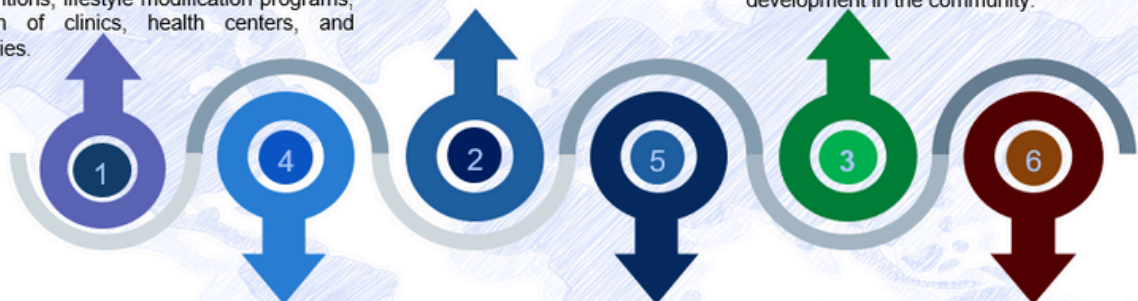

OBJECTIVES

Health: To develop and implement a comprehensive health intervention aimed at reducing the incidence of non-communicable diseases by establishing and strengthening health infrastructure in underserved communities through targeted awareness campaigns, preventive interventions, lifestyle modification programs, and the creation of clinics, health centers, and telemedicine facilities.

Education: To enhance access to excellence education, improve learning outcomes, and promote lifelong learning opportunities for all members of the community.

Good Governance: To strengthen good governance practices through inclusive decision-making processes, transparency, and accountability in order to enhance service delivery and promote sustainable development in the community.

Sustainable Agriculture: To promote maintainable agriculture practices that enhance food security, protect the environment, and improve livelihoods for farmers in the community.

Gender and Women right: To promote gender equality, advance women's rights, and empower women and girls to participate fully in all aspects of society.

Emergency Intervention: To strengthen emergency preparedness, response coordination, and community resilience in the face of natural disasters and humanitarian crises.

- Gender and Women Rights
- Good Governance
- Basic Education
- Sustainable Agriculture

Strategies

- Advocacy visit/meetings
- Community Mobilization
- Community awareness/Sensitization
- Capacity Building/Training
- Empowerment and Supply
- Research

Core Values

01.

Transparency and accountability:

FAWOYDI always ensures that all projects are carried out according to plan and financial expenditures are strictly followed according to laid down policies and procedures.

02.

Honesty:

FAWOYDI ensures all staff promotes honest practices, integrity and sincerity.

03.

Quality reproductive health services:

FAWOYDI ensures all staff are working to promote quality RH services. This is achieved through health education, capacity building, supplies of health equipment and drugs. FAWOYDI also constructs and renovates health facilities with support from partners.

04.

Community empowerment:

This is another area the organization values, beneficiaries of FAWOYDI shall possess the knowledge, understanding and capability to identify and resolve their problems. Staff of FAWOYDI shall facilitate the process.

05.

Mutual respect:

The organization values respect to its staff and other stakeholders at all level, regardless of one's status (Disable, People living with HIV/AIDs, Orphan and Vulnerable Children etc.)

Key Achievements:

Fahimta Women and Youth Development Initiative (FAWOYDI) over the years have recorded tremendous successes in different areas of its operations.

REPRODUCTIVE HEALTH

FAWOYDI take measures for Prevention and treatment of sexually transmitted infections (STIs), including HIV/AIDS via testing and referral, over 5,000 beneficiaries were tested for HIV and other STIs across her target communities of Ningi, Shira and Giade

Prevention of gender-based violence, including sexual violence through education and awareness
Child health: mass growth monitoring

NUTRITION

FAWOYDI reached over 10,000 via Growth Monitoring Exercise and Mid-Upper Arm Circumference (MUAC) measurement to assess nutritional status of children, those found yellow were referred to PHC while those found severely malnourished were not only referred to PHC but also the organization provide Compaq and Tomb Brown to them and regular follow up.

Education and awareness programs on nutrition, including the importance of exclusive breastfeeding, good nutrition during pregnancy, and a balanced diet
Fortification of staple foods, such as flour, oil, and salt, with essential nutrients.
Micronutrient supplementation, like iron and folic acid supplementation for pregnant women.

Development of community gardens and other food production initiatives.
